FEMA Amends Incident Period for Louisiana DR-4277

Update 9/8/16: On August 14, 2016, the Federal Emergency Management Agency (FEMA) announced that federal disaster aid with individual assistance has been made available to parishes in the State of Louisiana to supplement individual, state, and local recovery efforts in the areas affected by severe storms and flooding beginning on August 11, 2016.

On September 8, 2016, FEMA announced that the incident period has been amended to August 11, 2016 through and including August 31, 2016. The amendment can be found [here](#). Any loans currently in process with subject properties located in these parishes during the incident period require re-inspection. The parishes affected are listed below.

Acadia, Ascension, Avoyelles, East Baton Rouge, East Feliciana, Evangeline, Iberia, Iberville, Jefferson Davis, Lafayette, Livingston, Point Coupee, St. Helena, St. James, St. Landry, St. Martin, St. Tammany, Tangipahoa, Vermillion, Washington, West Feliciana, and West Baton Rouge parishes were previously designated as disaster areas.

Prior to closing and funding, ResMac, Inc. will require a property inspection for any loan secured by a property in the affected area. If the subject property is located in one of the impacted parishes and the appraisal was completed prior to the incident period end date, ResMac will require a post disaster inspection confirming the property was not adversely affected by the disaster. The inspection report must be dated no earlier than the date of disaster conclusion as determined by FEMA and/or the State of Texas. Clients may utilize any of the following re-inspection options to satisfy the post disaster inspection requirement, with a photograph of the subject property:

- Property Inspection Report (Fannie Mae Form 2075/ Freddie Mac Form 2070), or
- Appraisal Update and/or Completion Report (Fannie Mae Form 1004D/Freddie Mac Form 442), or
- Uniform Residential Appraisal Report (Fannie Mae Form 1004/Freddie Mac Form 70)
- Exterior Only Appraisal Report (Freddie Mac Form 2055)
- Individual Condominium or PUD Unit Appraisal Report (Fannie Mae Form 1073/Freddie Mac Form 465)
- Disaster Inspection Certification from a Licensed Certified Inspector

If the appraiser notes defects in the exterior inspection, a Uniform Residential Appraisal Report with an interior and exterior inspection and photographs is required. If damage is revealed by the inspection, it must be repaired prior to purchase.
