

Transferring an Appraisal to ResMac from Another Lender

To transfer an appraisal to ResMac, we will need a complete appraisal package including the following:

1. XML Copy of the Appraisal
2. AIR Certification
3. SSRs
4. Appraisal Invoice
5. Formal Transfer Letter from Lender

You will upload all of the above to your marti file as you would any other condition except for the XML. The XML needs to be emailed directly to our Appraisal Desk at Appraisaldesk@resmac.com as the DMS does not accept XML format.

Please contact Appraisaldesk@resmac.com if you should have any questions.
